Installation

STEP ONE
Record the 10 digit ESN number from the back of the device. You will need this information when activating the device.

STEP TWO- MOUNT DEVICE
Decide on a mounting location and clean the surface with rubbing alcohol. Use the provided double sided tape to secure device.

STEP THREE-
If using the device bracket, use the double sided tap on the back of the bracket to adhere it to the asset. Then snap the device into the bracket.

Installation *continued*

CHECK POWER

This device arrives already powered up. If you ever want to check a device in the future to ensure it is powered up, tap a magnet in the location pictured on the right, for **less than 2 seconds** and the light will flash red twice if it is power off, or blue twice if the unit is powered on.

Red flash = off
Blue flash = on

Testing / Confirmation Steps

STEP FOUR

Call Pedigree Technologies installation support to confirm and finalize the installation.

701-499-0022
